ECTOPIC MURMURS

CANCELLED

**FEUDNRSMAF
ANNUAL SCIENTIFIC CONVENTION & REUNION
July 29-Aug 2, 2020
Anaheim, CA**

Beloved Colleagues, Alumni and Friends

We have entered a new era in our lives which compels us to do the right thing. As responsible law-abiding citizens and vanguards of the Foundation, we must address a critical situation about the COVID19 that has affected everyone not only in terms of physical ailment but also financially and psychologically.

An emergency meeting of the FEUDNRSMAF Executive Committee was convened on March 16, 2020. With the uncertainty of exactly when the pandemic will be abated and out of an abundance of caution, it was decided to cancel the Annual Reunion and Scientific Convention to be held in July 29 - August 1, 2020 in Anaheim, California. The welfare and safety of our members and guests and the mitigation of the transmission of COVID19 are our primary concerns. As responsible citizens and members of the medical community we must do our share to help our nation flatten the curve. We are called upon to make great sacrifices during this period, not for ourselves but also in consideration of all our brothers and sisters that we love.

A Board of Trustees meeting will be convened between July-September 2020 to discuss our next steps, specifically the structure of the 2021 Annual Scientific Convention and Reunion and the process of the election of Officers and outgoing Board of Trustees members.

Armed with strong faith, hope and cooperation we will survive this crisis.

Let us all pray that everyone will be safe and let us thank Our Dear Lord for keeping us safe.

Please spend the Holy Week with God.

I love you all.
